SUMMARY

Creative and detail-oriented UI/UX Designer and Web Developer with [6] years of experience in creating user-centric digital products. Proficient in designing intuitive interfaces and translating designs into responsive, high-performing websites using modern web technologies. Adept at collaborating with cross-functional teams to deliver seamless user experiences. Strong background in HTML, CSS, JavaScript, React, and Next.js, with a passion for staying updated with the latest design and development trends.

EXPERIENCE

UI/UX DESIGNER & FRONT-END DEVELOPER

Chairbord Pvt Ltd | Apr, 2024 - Present

- Developed responsive and user-friendly websites incorporating best practices in UI/UX design to enhance user experience.
- Conducted user research, usability testing, and A/B testing to optimize website performance and improve overall user satisfaction.
- Collaborated with cross-functional teams to gather requirements, brainstorm ideas, and deliver innovative design solutions.

FULL STACK DEVELOPER

Vertech Digicom | Aug, 2023 - Jan, 2024

- Implemented user interface designs and collaborated with UX/UI designers to ensure seamless integration of design elements.
- Conducted code reviews and worked closely with back-end developers to ensure efficient data retrieval and seamless data flow on the front end.
- Create responsive designs for mobile applications, built wireframes, and developed prototypes for web development projects.

PROJECTS

CBPL Website and Application

Chairbord Pvt Ltd | Apr, 2024 - Present

- I created FIGMA designs for both CBPL mobile application and the website. Also created the front-end for the website for Chairbord. For Fastag registration, recharge, manage orders, etc.

CBPL Website and Application

Major Project (MAIT) | Mar, 2024 - May, 2024

- I created an online book store, hosted on the cloud, that provides a web-based platform where customers can buy, rent, contribute, create their blogs, donate, access audiobooks, and participate in online community channels.
