UI/UX Designer & Front End Developer

OBJECTIVE

Dynamic and detail-oriented UI/UX Designer and Front-End Developer with a strong foundation in user centered design and interaction design. Adept at creating visually appealing and intuitive digital experiences that enhance user satisfaction. Seeking opportunities to leverage my skills in a collaborative environment while contributing to innovative design solutions.

WORK EXPERIENCE

CHAIRBORD PVT LTD • JAIPUR 04/2024 - 04/2025
UI/UX DESIGNER & FRONT-END DEVELOPER

- Developed responsive and user-friendly websites incorporating best practices in **UI/UX** design, enhancing user experience by **20%** based on user feedback surveys.
- Conducted user research, usability testing, and A/B testing to optimize website performance, resulting in improved user satisfaction and engagement metrics.
- Collaborated with **cross-functional teams**, including stakeholders from **Bajaj** and **SBI Bank**, to gather requirements and deliver innovative design solutions, reducing project turnaround time by **15%**.
- Implemented backend functionality using **Node.js** and **MongoDB**, and conducted thorough API testing with **Postman**, ensuring secure and scalable system architecture for both institutions.

VERTECH DIGICOM • GURUGRAM 08/2023 - 01/2024
UI/UX DESIGNER & FRONT-END DEVELOPER

- Implemented user interface designs and collaborated with **UX/UI** designers to ensure seamless integration of design elements, improving overall site performance.
- Conducted code reviews and worked closely with back-end developers to ensure efficient data retrieval and seamless data flow on the **front end**.
- Created responsive designs for mobile applications and built **wireframes**, increasing mobile user engagement by **25%**.

Bachelor's of Technology (B.TECH) in Information Technology 10/2021 - 06/2024
Maharaja Agrasen Institute of Technology, IPU • Delhi • GPA: 8.7

Diploma in Mechanical Engineering 08/2018 - 06/2021
Aryabhatta Institute of Technology, BTE • Delhi • GPA: 79%

PROJECTS

Photron Laboratories Website

07/2025 – 08/2025

Freelancer

- Designed and developed a modern, responsive website for Photron Laboratories using **Next.js** and **Tailwind CSS**, ensuring seamless accessibility across devices.
- Collaborated with stakeholders to translate Photron's **brand identity, services, and industry expertise** into an engaging digital presence.
- Showcased laboratory services including **water analysis, environmental testing, microbiological testing, and chemical analysis**, providing clear and structured information for clients.
- Highlighted industries served, such as **pharmaceuticals, food & beverages, healthcare, and environmental sectors**, through dedicated sections and case-driven layouts.
- Created a visually appealing UI with **interactive service cards, industry highlights, and streamlined navigation**, improving user engagement.
- Utilized **Figma** for prototyping, **Flaticon** for icons, and integrated **contact and inquiry forms** for direct client interaction.

Chairbord Pvt Ltd Website

02/2025 - 04/2025

Chairbord Pvt Ltd

- Designed and developed the official corporate website for Chairbord Pvt Ltd, a leading provider of FASTag and GPS-based solutions, using **Next.js** and **Tailwind CSS**.
- Built a responsive and user-friendly interface that effectively communicates the company's **services, products, and technology offerings**.
- Highlighted solutions such as vehicle tracking, GPS monitoring, toll management (FASTag), and fleet management, making the website informative for potential clients and partners.
- Implemented interactive service highlights, product showcases, and inquiry/contact forms to enhance client engagement.
- Used **Figma** for UI prototyping, **Flaticon** for icons, and integrated modern UI patterns to align with corporate branding.

CBPL Admin & SBI Agent Panel Web

04/2024 - 04/2025

Chairbord Pvt Ltd

- Designed responsive and user-focused interfaces in **Figma**, ensuring alignment with SBI's branding guidelines and intuitive user experience.
- Developed the front end using **TypeScript, Next.js, and Tailwind CSS**, optimizing performance and reducing page load time by **2 seconds**.
- Utilized Photoshop for image editing and design assets, and **Flaticon** for iconography and illustrations.
- Integrated with **MongoDB, Node.js**, and Postman to streamline backend communication and perform API testing.
- Built and enhanced core functionalities to manage users, agents, inventory, and tags, with data analysis features improving operational efficiency in **FASTag** services.
- Supported administrative workflows for both **SBI** and **Bajaj Bank**, enabling smooth management and reporting processes across institutions.

CBPL Admin Panel App

04/2024 – 04/2025

Chairbord Pvt Ltd

- Designed **Figma** prototypes for the CBPL agent panel app, focusing on user-centered design and enhancing the user journey.

- Developed the front end using **Typescript, React Native & Tailwind CSS**, resulting in improved user engagement metrics.
- Utilized Photoshop for image editing and design assets, and **Flaticon** for icons and illustrations.
- Connected to backend services via **MongoDB, Node.js**, and **Postman** APIs also used Firebase for notification implementation.
- Created a React Native app for **1,000+ agents** in North India, streamlining FASTag generation and toll transactions management.
- Integrated workflows and services for both **Bajaj** and **SBI Bank FASTAG**.

Portfolio

10/2024 - 10/2024

Personal Project

- Developed a responsive portfolio website using **Next.js & Tailwind CSS**, showcasing projects and skills in web development and design.
- Designed user-friendly interfaces with **Figma**, ensuring a visually appealing layout.
- Utilized Photoshop for image editing and custom design assets, and Remix Icon for sleek iconography throughout the site.

ReadEase : Online Book Store

03/2024 - 05/2024

Major Project (MAIT)

- Designed intuitive user interfaces with **Figma**, focusing on seamless user experiences for browsing and interacting with book content.
- Developed a cloud-hosted web-based platform for an online bookstore using **PHP** and **SQL**, enabling secure data management and smooth transaction processes.
- Built using **PHP** and **SQL** for backend functionality, ensuring secure data management and smooth transaction processes.

SKILLS

- **Languages:** C, C++, CSS, HTML, JavaScript, Python, Typescript
- **UI Design:** Adobe XD, Canva, FIGMA, Photoshop, Wix Studio
- **UX Design:** A/B Testing, Prototyping, Usability Testing, User Research, Wireframing
- **Front End Developer:** Bootstrap, Next.js, ReactJs, React Native, Tailwind CSS
- **Backend:** Express, Mongo DB, My SQL, Node, PHP
- **Tools and Others:** Auto CAD, Git, Github, Postman, Premiere Pro, Star UML, VS Code
- **Soft Skills:** Adaptability, Attention to Detail, Collaboration, Communication, Creativity, Critical Thinking, Empathy, Problem-Solving, Time Management
